

19th District Information Bulletin

Criminals love to go window shopping...

Don't leave any items visible in your car.

Any items left in plain view inside your vehicle will draw attention and target you as a victim. Thieves will break your window to get items such as: GPS devices, CD's, clothes, laptops, cell phones, tools, sunglasses, bags or purses and even change! They will also take your garage door opener and search for any personal information in the glove box to find your home address in order to break into your garage at a later time!
