

The 47th Ward Green Council and Alderman Ameya Pawar Present

A Home Energy Efficiency Mini Workshop

7 p.m. – 8:45 p.m., Tuesday, February 25, 2014

Sulzer Library Auditorium

4455 N. Lincoln Ave, Chicago IL 60625

We have all suffered through this extremely cold winter, so most of us are facing much higher utility bills this year than in the past. On the other hand, some of our neighbors are now taking advantage of programs and practices that help to make their homes more comfortable, keep gas and electric bills in check, and increase the value of their homes. Learn how you can make positive changes to your home to reduce your energy use in short order, even before the snow has melted away this spring.

Presenters include:

Eric Keeley, **Energy Impact Illinois/ Elevate Energy**

Rajiv Ravulapati, **Citizens Utility Board**

Paul Bredael, **Peoples Gas**

Luis Diaz-Perez, **ComEd**

Mike Slomski, **Stauber's Hardware**

Zoe Bottger, **Franklin Energy**
